

# Family Ties

Kansas FCCLA State  
Community Service Project

“Family is not an  
important thing. It is  
everything!”

## Family Ties

FCCLA's central focus is on families. The bond between families is something special that should grow in strength as time goes on. In the leadership project *Family Ties* FCCLA members will form and nurture the bonds in their families while being able to demonstrate leadership and community service.

# How to Accomplish this Project?

## The Goal:

The goal is to bring families together by serving the community together. You can accomplish this as a chapter by inviting the families in your community together to host game night, have a community trash pick-up, or anything that will benefit your community's individuality while bringing families together.

## Awarding:

Chapters will be awarded a bronze, silver or gold depending on the hours they complete in this project.

- Gold: 30 or more hours
- Silver: 20-29 hours
- Bronze: 10-19 hours

Hours are a combination of all volunteer efforts and to get credit for your hours at least half of the chapter needs to participate either together or individually.

## When:

This project is to be completed during the 2017-18 school year. Get together as a family and do things to benefit your community, then log your hours. Fill out a recognition form at: [www.ksfccla.org](http://www.ksfccla.org) and email to State Adviser, Pam Lamb [plamb@ksde.org](mailto:plamb@ksde.org) by February 19<sup>th</sup>, 2018.
