Note about Examples Provided in Standards:

In order to give teachers greater freedom and to more greatly differentiate Kansas's state standards from the national standards, examples provided within the 2010 standards often were altered in the 2017 revision. In some cases, examples were added or changed, while in others examples were removed. The standard below illustrates one such instance:

*2010*

RL.10.9 – Analyze how an author draws on and transforms source material in a specific work (e.g., how Shakespeare treats a theme or topic from Ovid or the Bible or how a later author draws on a play by Shakespeare).

*2017*

RL.10.9 – Analyze how an author draws on and transforms source material in a specific work.

If the only change to a standard was the addition, editing, or removal of specific examples, these alterations *are not noted* in either the Changes Breakdown or the Crosswalk. Such changes are noted only when there are other changes to a standard.
