

Our Mission

To promote personal growth and leadership development through Family and Consumer Sciences Education. Focusing on the multiple roles of family member, wage earner, and community leader, members develop skills for life through character development, creative and critical thinking, interpersonal communication, practical knowledge and career preparation.

FCCLA Creed

We are the family, Career, and Community Leaders of America. We face the future with warm courage and high hope. For we have the clear consciousness of seeking old and precious values. For we are the builders of homes, homes for America's future, homes where living will be the expression of everything that is good and fair, homes where truth and love and security and faith will be realities not dreams. We are the Family, Career, and Community Leaders of America. We face the future with warm courage and high hope.
