Who We Are:

FCCLA is a Career and Technical Student Organization (CTSO) with the family as its central focus. We are a non-profit organization that strives to supplement the curriculum of Family and Consumer Science (FCS) classes by providing a leadership component.

Our Mission:

To promote personal growth and leadership development through Family and Consumer Sciences education. Focusing on the multiple roles of family member, wage earner and community leader, members develop skills for life through: character development, creative and critical thinking, interpersonal communication, practical knowledge, and career preparation.
